

“ ”

I SHOPPED AROUND FOR YEARS FOR INSURANCE.

No one seemed to cover alarm companies at reasonable rates. Once I became a member of ESA, I found out about Security America and it was the best insurance option for us. You can't touch the price of our policy.

TONY LAMORTE, PRESIDENT,
APCO SECURITY SOLUTIONS, INC.

“ ”

I GET MORE THAN JUST INSURANCE.

I get guidance on risks that are common to the industry from someone that has relationships with companies both large and small, and is capable of applying real word experience to the equation when discussing coverage that best suits my business needs.

HOWARD SANDERS, OPERATIONS MANAGER,
RADIUS SECURITY US

WHO

WE

ARE

Nearly 900 electronic security and low voltage clients across the country are insured by Security America.

ESA ELECTRONIC
SECURITY
ASSOCIATION[®]

ESA formed the Security America insurance program to relieve electronic security and life safety installation and monitoring businesses from everyday risk. Our industry expertise means we understand the unique problems your business might face: injury to workers, property damage, lawsuits and more. Things happen. But with proactive planning, they don't have to impact your bottom line.

ESA Members save 20% on their policies. Not a member? Visit ESAweb.org/Membership for more.
